

**Exotic & Luxery Rental Cars**

**July 30, 2013**

**Frontline Processing;**

**We recommend Frontline Processing. We took our time in finding a processor for our high class high end auto rentals. We found Frontline Processing to be up front and really follow through for us. We have had a great relationship with their staff and have moved some of our other ventures over to Frontline Processing now as well. We know they are looking out for our bottom line.**

**Cordially,**

A handwritten signature in black ink, appearing to read "W Mills".

**William Mills**
